Help Guide for Managers
==================================
Table of Contents:
1. Manager/SOS View
2. Edit Users
3. Edit Inventory
4. Edit Discounts
==================================
----Manager/SOS View
Upon first logging in as a manager, you will be greeted by a slim screen with various features.
These features allow you to view total sales over a specified time period, or select a customer
to see their purchases and manage them.

----Edit Users
When you press the edit users button, you will see two tables and several text fields. You can
edit existing users or delete them. Selecting a customer fills the fields automatically for
convenience.

----Edit Inventory
Pressing the edit items button shows a scroll pane of buttons and text fields. You can add or
edit items easily by selecting them.

----Edit Discounts
Pressing the edit discounts button displays a table of discounts. You can add, edit, or delete
discounts by filling in the required fields.
